# VISION FOR 2021

## “A New Way of Care for MLBO SUD Services”

1. **Client contact, scheduling, case management, admissions, treatment planning, client progress, discharge planning, reentry referrals and billing will all be documented in electronic health records.**
2. **Increased access to services** ~ Comprehensive Assessments (Rule 25's) will be provided on a walk-in basis, telehealth format and in person to capture client motivation to engage in treatment services.
3. **Consistent Structure** ~ Programs will adapt to all of the client needs, instead of adapting clients to the program or provider needs.
4. **Increased Communication and Training** ~ Ongoing case reviews, ongoing Clinical Supervision, training and peer-input / support.

# VISION FOR 2021 (CONTINUED)

## 5. Improved Operational Efficiency ~

- Utilize the services of Peer Recovery Coaches and Case Managers to provide client contact and transportation to attend program services and appointments.
  - Using MLBO H&HS Programs as a first choice of service referrals.
  - Highlighting areas of client need with program Admission Staff and Counselors to ensure that the services are provided.
  - Ongoing client contact to ensure client needs are being met.
  - Solid Aftercare Reentry Planning to provide ongoing support in all areas of the client's life.
  - Work with other Band Programs to aid with client service referrals.
  - Seek additional grant resources to add additional programming.
- 

MLBO Elder Joe Nayquonabe Sr. states that “**Culture and Spirituality** are keys to stopping addiction. I’m a big believer in mind / body / spirit,” he says. “To be healthy, you need to **give attention to all three**”

We are here to assist community members. It’s about offering all of the support and services that the community needs.
