

WEWINABI

Tuesday, March 17, 2020

To our incredible customers and community:

Wewinabi, Inc. is prepared to care and assist the community through this challenging time to flatten the curve and reduce the spread of illness.

Due to the changing circumstances we have taken a proactive approach to our diverse business portfolio and they are highlighted below.

Grand Market

As a grocer, we believe serving customers and the community during this time is essential.

That's why, the first two hours of each day (7 a.m. to 9 a.m.) will be dedicated to our Elderly and those most vulnerable, should they get sick.

Although we will not be requesting ID for entry, we ask that you please respect the purpose of this dedicated shopping time – and do the right thing for your neighbors.

We continue to assess product availability and are working with our partners on available supply. Some items have limited availability, but please know we are doing our best to ensure an ample supply for you to select from.

Mille Lacs Super Stop

The Mille Lacs Super Stop will remain open. With our customer's best interest in line, we have made some adjustments:

Taco Johns

The dine-in seating area will be closed, but the drive thru will remain open to serve you. We are evaluating and adjusting hours as needed. Any changes will be posted.

Hot Stuff

This venue is closed temporarily.

MLB Gas

Subway

The dine-in seating area will be closed, please continue to use the Subway App and respect social distancing during this time. Hours of operation will reduce by 3 hours on the weekend, and 2 hours on weekdays: 10 a.m. -8 p.m.

Grand Makwa Cinema

We will be temporarily closing the Grand Makwa Cinema effectively immediately, there will be no evening shows. To date there have been no cases linked to COVID-19. However, we have made the decision to close for safety reasons and this setting.

We value our movie-loving customers and have no doubt we will be serving them again as soon as possible. During our downtime we will be cleaning the cinema to ensure it's ready when we welcome you back.

Other Convenience stores

Our other convenience stores will continue to remain open. We have implemented increased measures to safeguard our stores against the spread of illness. In addition to that, we have grab and go options for quick and easy meals.

We are grateful for our dedicated Wewinabi Associates who have worked hard to deliver the best service to our customers.

Please assist us by practicing your personal responsibility to reduce any risks. Each location has sanitizing stations for guests and we ask that you follow the precautionary measures that have been so heavily promoted.

We hope to see you all very soon and stay tuned for further updates. We will post them here as well in each store.

Thank you,

Michele Palomaki
